Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Tuesday 24 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Coastal mist and fog, clear inland. Very warm on Wednesday.

This Evening and Tonight:
Mist and fog will affect many coastal locations this evening and overnight, most extensive and persistent across the Western Isles, Northern Isles, and the northeast mainland where it will extend inland overnight. Otherwise clear and dry, some patchy fog.

Wednesday:
A very warm day, especially for the Central Belt, with plenty of sunshine. Low cloud may be persistent around north and east coasts, although lifting across Shetland later.

Outlook for Thursday to Saturday:
Fresher, clearer conditions will slowly spread west on Thursday. More dry and bright conditions for Friday and Saturday, but it will feel cooler.
